Randall County Officials

## Scout Day Fines Run Over \$100

More than \$100 was split between the March of Dimes and the two Boy Scout troops in Canyon after the Scouts took over operation of the city for a day Saturday.

The money was collected in fines for traffic and pedestrian tickets issued by a corps of 10 Scouts acting as policemen. Total collected was \$108.76.

The Scouts were sworn in Saturday morning by County Judge Roy Joe Stevens and City Commissioner Bob Bellah. The Scouts worked alongside the regular officials of the city and county during the day.

Included in the highlights was a tour of the county jail conducted by Deputy Sheriff L. D. Caldwell, and a display of weapons and tools used by police in fighting crime shown by Sheriff L. S. Johnston.

Following Scout Day, the troops expressed their appreciation to all county and city officials who make sure that the Scouts had both an enjoyable and profitable day, and to the citizens of Canyon who contributed liberally to the March of Dimes.

## City, County Work on Contract

The Canyon City Commission agreed to a 30-day contract with Randall County for fire protection at the regular meeting of the commission Monday night.

The city and the county have a contract that expired Dec. 31. In January, Mayor Hosea Foster offered a new proposition to the commissioners court, but no action was taken.

On Monday, City Secretary Andrew Boggs sent the court a letter which said that if a contract was not made before midnight, the city commission had ordered that the Canyon Volunteer Fire Department make no more fire calls outside the city.

The commissioners court Monday afternoon offered the same contract to the City of Canyon that is in force with the City of Amarillo. The contract calls for a county payment of \$25 for each fire call outside the city limits within a five-mile radius, and an additional payment of \$5 per mile for calls over five miles.

The contract with Canyon which expired in December called for a payment of \$1 per fireman who makes the call.

Randall County owns a fire truck which is operated by the Canyon department and maintained by the county. The proposition offered the county by the city called for the city to purchase the county's truck and equipment, and for the county to pay the city \$4000 per year.

The commissioners court said that the \$4000 figure is unreasonable and offered the Amarillo contract.

County Commissioners Glenn Dowlen and B. E. McCormick met with the city commissioners to discuss the fire contract. They expressed the sentiment of the court about the \$4000 figure.

The city commission told the county commissioners that they felt the \$1 per man contract was not adequate. Dowlen asked, "Do you think the \$4000 is a fair figure?"

"I didn't want to get it too low," Mayor Foster said. He said that probably an annual payment of around \$2500 might be about right. He said the city had budgeted \$8506 for the fire department this year, and that approximately 40 per cent of the fire calls during the past year were outside the city.

Under the old contract, the county paid the fire department \$238

for 13 fire calls last year. Boggs said that if the Amarillo contract had been in effect with Canyon, the county would have paid around \$600 according to the mileage reported by the fire department.

The City Commission agreed to the contract for a 30-day period and said that a new long-term contract would have to be negotiated during that time.

Under the Amarillo contract, in effect since August, the county paid \$155 for fire calls in 1957—but the records given by County Auditor E. T. Cummings did not show the number of calls, only the total amount paid.

In other action, the commission raised the rate for water supplied to West Texas State College from 15 cents per thousand to 25 cents per thousand. The 25 cent figure is the lowest commercial rate. The college had requested a six-inch meter, which Boggs said would cost about \$1500. The commission said that the city would install the meter if the college would bear two-thirds of the cost.

The commission denied a claim for an evergreen tree damaged when the trees were removed on Fourth Avenue. The claim was presented by Mrs. Ann Slagle, owner of the tree.

Boggs said Mrs. Slagle had notified the city that she wished to keep the tree prior to the deadline set in December by the commission. He said the tree had not been removed by the Jan. 1 deadline set by the commission, but that the contractors were told that the tree was not to be removed by the city.

The tree was damaged by accident when a tractor operator's foot slipped off the clutch, Boggs said. The commission denied the claim because the tree had not been removed by the deadline time and because it was on city property. They said they did not feel that the city could be held responsible for the damage. (Con't. on Back Page, Section 1)

## 'Girl Crazy' Casting Completed With Production on Feb. 20, 21

Casting for West Texas State College's production of the long-run Broadway musical, "Girl Crazy," has been completed by Royal Brantley, director of WT's Opera and musical workshop.

Mrs. Thelma Fulton of Canyon, a West Texas ex-student who appeared in a number of the workshop's shows in the past, has been named to the heavy singing role of Kate Fothergill, a part made famous by, and which made famous, Ethel Merman. She takes the place of Debra Devenport, a Canyon freshman, who had to drop her part in the show.

Eddie Thomas of Amarillo, a veteran actor of the WT stage, has been cast in the role of Sam Mason, a punk from the East who is the enemy of the show's hero. The musical, first to be presented at West Texas State, will be given two nights, Feb. 20 and 21, in the Education Building auditorium, with curtain-time at 7:30 p. m. Admission will be \$1.00 for adults and 50 cents for college students and children.

Already selected for the cast, in major roles, were Tommy Culp, a Canyon native, playing Dannie

Churchill; Jane Jordan of Quanah as the true-blue Western girl, Molly; Roy Lowe of Amarillo and Grace Barber of Lefors, in the lead comedy roles of the taxi driver and telephone operator; Dan Stallings of Pampa, also in a comedy role as Slick Fothergill; and Bill McGowan of Borger and Tibb Burnett of Amarillo, in roles as the villains.

One other role has been assigned to Billy Hodgson of Friona. He will play the part of Jake, a cowboy on the dude ranch.

Several minor roles have been assigned, and the production will also feature a small chorus and orchestra. Sets have been designed by Marcella Chandler of Littlefield, assisted by Robert L. Antrim, technical director for the Branding Iron Theatre.

Mrs. Fulton, a soprano, appeared in the Opera Workshop's first production in 1952, singing a lead role in "H.M.S. Pinafore." She was also a star in "Cosi Fan Tutti," and Brantley's first show, "Singin' Billy."

The George and Ira Gershwin musical comedy enjoyed a long run in Canyon, playing Dannie

## Action Deferred on Zoning Change After Public Hearing by Commission

No action was taken Monday night by the Canyon City Commission following a public hearing to rezone the east half of blocks 75, 86, 87 and 98 in Conner addition from residential classification to commercial.

The request for rezoning was made last month to the Planning and Zoning Commission by L. S. Johnston, owner of the property. The request was approved by the Planning and Zoning Commission and referred to the city commission for final action.

Attending the public hearing were Sheriff Johnston, Gene McGlasson, John Buchanan, Joe Batson, T. G. Hull Jr., Herschel Coffee and Bob Clark.

Buchanan said he objected to allowing some types of business in the area, although others would bring no objection from him. He said he questioned the authority of the city commission to rezone the property on grounds of a covenant included in the dedication of the area.

A portion of the blocks in the request are a part of Johnston's Re-Subdivision, and those lots in the subdivision are restricted to single-family residences according to the covenant.

City Attorney A. W. Lair said the city has authority to rezone the land in question, but that the covenant in the deeds would prohibit any other use than residen-

tial, provided a property owner in the subdivision objects.

Sheriff Johnston said the reason he requested the change in zoning is that it would allow larger retail concerns than could be located at present on the west half of the blocks, which front on the highway and are zoned commercial. He said that if he could use the entire block for commercial property, a shopping center could be constructed, but that only service stations, drive-in restaurants and other concerns of the same type could be built on the half-block now available. "I don't want that type of business, because I feel it would hurt the people who have

(Con't. on Back Page Section 1)

### Candidate

JOE WIECK

### Wieck Announces For Commissioner

Joe Wieck has authorized the Canyon News to announce his candidacy for the office of commissioner of Randall County Precinct 2 in the following statement:

I have lived in Randall County 38 years, was graduated from high school and attended college for one year. I have served on several county and community projects, some of which are: Nine years as director of Consumers Fuel and Elevator of Canyon, nine years as director of the Umbarger Co-op Elevator, and in a few months I will have completed a three-year term as county committeeman for the Farmers Home Administration. I believe that I am capable of handling the business of Precinct 2 and Randall County.

I will try to see all the qualified voters of Precinct 2 before the election. Your support will be greatly appreciated.

My candidacy is subject to the Democratic Primary.

### New Pastor

ANDREW A. SZEGEDIN JR.

### Lutherans Install New Pastor Sunday

A new pastor of St. Paul Lutheran Church in Canyon will be installed Sunday at 7:30 p. m. He is the Rev. Andrew A. Szegedin Jr., who will serve the Canyon-Tulia parish.

The installation sermon will be preached by the new pastor's father, the Rev. Andrew Szegedin Sr., pastor of Immanuel Lutheran Church in Hereford, who also served the St. Paul congregation as a vacancy pastor.

The Rev. E. Heyne, pastor of Trinity Lutheran Church in Amarillo, will install the new pastor, and the Rev. Geo. Heinemeier, pastor of St. Paul Lutheran Church in Wilson and fourth vice president of the Texas District, will conduct the liturgical part of the service. A number of neighboring Lutheran pastors will assist in the installation ceremony.

The public is invited to attend the service. St. Paul Lutheran Church is on the corner of Third Avenue and 17th Street.

The Rev. Szegedin was born in Phillip, S. D., on Dec. 5, 1925. He received his elementary education in St. Paul Lutheran Day School, Cuba, Mo., and was graduated from Cuba High School in 1942. He was a timekeeper for the Missouri State Highway Department following his graduation.

He enrolled in Concordia Theological Seminary in Springfield, Ill., in 1946 and was graduated in June, 1952. Upon graduation from seminary, the Rev. Szegedin became pastor of Faith Lutheran Church in Corsicana. He held the position until accepting the call to the Canyon-Tulia parish.

### Chamber Ticket Sales Lagging

Ticket sales for the annual Canyon Chamber of Commerce banquet are lagging, Chamber Manager Roland Black said Wednesday morning.

After surveying the board of directors, Black said only 175 tickets have been sold.

The banquet will be held Saturday night in the West Texas State cafeteria. Jack Lacy, executive vice president of the Amarillo Chamber of Commerce, will be guest speaker.

Tickets are \$2.50 per plate, and may be obtained from the members of the board or from the chamber office.

### Plan Landscape For Cemetery

Landscape for Dreamland Cemetery will be done by J. O. McGuire of Amarillo, according to Jerry LaGrone of the Warren-LaGrone Funeral Home.

A large sketch of landscape work to be carried out at Dreamland is expected to be finished soon and will be ready for public viewing at the funeral chapel. McGuire is under contract with the Dreamland Cemetery Association to make the sketch.

Warren-LaGrone, who is under contract with the association, has leveled land in spots and removed dead shrubs and trees as a start on improving the appearance of the cemetery. No money other than the amount normally spent for upkeep has been used to finance the cleaning up.

The sprinkler irrigation system which the county is installing, has not yet been finished.

Many persons are placing their cemetery property in the perpetual care plan, which took effect about one month ago, by paying the \$50 per gravespace fee in installments.

"We want to stress that owners may make installment payments. Some owners are holding back because they feel that they must pay in one lump sum," LaGrone said. The voluntary program has raised approximately \$16,000 to date. LaGrone expects the amount to increase as more owners are contacted. The only cemetery records are not complete and contact has been lost with many owners.

Any owner who has not been contacted by Warren-LaGrone is asked to contact the funeral home to help in clearing up the records.

### Snow Comes To Stay

Last Thursday night, between dark and bedtime, a two-inch snowfall drifted down and lay reflecting light from streetlamps. The moisture content was .16 of an inch. On Tuesday morning, after a day of ice from freezing drizzle on Monday, a longer snowfall began. Up to 5 p. m., the snowfall was about 1 1/2 inches and measured .14 of an inch of moisture. The snow continued intermittently Tuesday night and Wednesday morning and measured an additional .19 of an inch of moisture.

## A Mighty Argument

(Borrowed from *The Moore County News* in Dumas, Editor)

In these days of space races, cold war and income tax problems, it is refreshing to have reassurance that democracy, supply and demand and the capitalistic system of economics are still head and shoulders above other methods of government.

Locally, we have questions about school curriculum, increased tax loads and unreasonable fear of another "Great Depression." Similar problems are the concern of all Americans.

However, Dr. George S. Benson, director of the National Education Program at Searcy, Ark., has just released tabulations of a survey made by Glenn Green of European countries.

The following were Green's findings: NORWAY has had a Socialistic-Labor government for 23 years. The government takes 42 per cent of the national income for taxes. The country is 50 per cent Socialistic. Industrial wages average 78 cents per hour, with a 48-hour work week and a monthly income of \$140.

SWEDEN has had a Socialistic-Labor government for 25 years. The government takes 35 per cent for taxes. The country is 50 per cent Socialistic. Industrial wage averages 89 cents per hour, with a 48-hour work week and a monthly income of \$152.

FRANCE has had a Socialistic-Communist government for 25 years. The government takes 42 per cent of the national income for taxes. The nation is 65 per cent Socialistic and has an average industrial wage of 35 cents per hour for a 48-hour work week. The average monthly income is \$72.

BELGIUM has had a Socialistic-Christian government for 12 years. National taxes take 35 per cent of the income, with about 50 per cent of the country favoring Socialism. Industrial wage is 52 cents per hour, with a 48-hour work week and a monthly income of \$98.

NETHERLANDS is controlled by a Socialistic-Labor government, in power for 10 years. The government takes 38 per cent of the national income for taxes, while 60 per cent of the country leans to Socialism. Industrial wages average 45 cents for a 48-hour week, for a monthly income of \$80.

ENGLAND has had a Conservative-Socialistic government for the past 12 years. The Conservatives have been in power for the past six years but have de-socialized only one industry. The English pay 34 per cent of their national

income into tax coffers. They are about 45 per cent in favor of Socialism. Industrial wages average 54 cents on a 48-hour week, for a monthly income of \$103.

GERMANY has been controlled by the Conservatives for nine years, although it operates under a capitalistic economic system. National taxes take 40 per cent of the income, with only 30 per cent of the people in favor of Socialism. Wages in industry average 52 cents for a 48-hour week, or a monthly income of \$89.

AUSTRIA has had a Socialistic-Labor government for 35 years, with 40 per cent in favor of Socialism. Industrial wages average 29 cents for a 48-hour week, and a monthly income of \$57.

YUGOSLAVIA has had a Communist government for 12 years. It is 100 per cent Socialistic, with the government taking 10 per cent of the national income for taxes. Average industrial wage is 16 cents per hour for a 48-hour work week. Average monthly income is \$32.

ITALY has had a Socialistic-Communist-Catholic government for the past 35 years. About 60 per cent of the people favor Socialism. Wages in industry average 32 cents with a 48-hour week and a monthly income of \$61.

In the UNITED STATES OF AMERICA we have had a two-party system of government for 177 years, with both parties favoring capitalism. We pay about 27 per cent of the national income for taxes and about 10 per cent favor some type of Socialism. Industrial wages average \$2.10 for a 40-hour work week. Average monthly income is \$350.

What further proof do we need that the free, capitalistic system stacks up head and shoulders above any other type of government and that any attempts to socialize any industry or service in America should be firmly and quickly stopped.

## Saving Face

Do you remember the lengthy explanations of the oriental practice of "face saving" that were printed early in World War II, and later? The articles were offered so that the American people could better understand why the Japanese would do some of the things they were credited with.

If you remember the articles, you'll also remember how odd the idea of "face saving" seemed. It was a completely foreign concept to us. We could understand the idea of working hard to present a good "face" to the world, but it was hard to understand the idea of being completely chagrined if someone else worked harder and presented a better "face."

And now, what have we? It was hard to tell whether the American people were more upset about Russia's Sputniks because of "face" or because of the possible technological advantage.

Everybody seemingly breathed a sigh of relief when the Army shot its missile with a satellite—and not because it proved we had evened the technological advantage, but because we had saved face before the world.

The concept of face saving allows for no pride, or at least no visible pride because it might cause another to lose face. Used to be the American idea was one of pride—pride in accomplishments, ideas, ownership, or what have you.

We suppose that when in the orient, we should do as the orientals, but goodness, gracious, do we have to act like them when we're at home?

I GIVE YOU TEXAS  
By  
BOYCE HOUSE

The Subway Barber Shop in Fort Worth is gone — the small building which housed it for 25 years has been replaced — but the Subway lives in the memories of its patrons.

Especially is Bruce Chenault, the proprietor, remembered — a quiet man, with a good sense of humor.

Probably his greatest feat was a bit of legerdemain, so to speak.

A rare coin dealer, who was a customer, exhibited a penny (let's say it was of 1860 mintage) which he said was worth \$10.

Under pretense of examining the coin, Chenault substituted another in the envelope which he then returned to the dealer. Then Bruce said, "I'm going to start keeping a lookout, maybe I'll come across one."

He opened the cash drawer, removed a handful of change and drew forth the rare coin.

"Did you say '1860'?" he asked. "Yes," said the expert.

"Look" — and Chenault handed over the penny.

The dealer said, "I'll give you \$10 for it," and he drew out some bills.

Chenault said, "Suppose you look in your envelope first" and the dealer discovered the switch.

There was a roar of laughter in which everybody joined except Chenault. With the delicacy of a true artist, he only smiled.

I attended the funeral of a noted man sometime ago and, as the crowd was filing out of the auditorium, I noticed two prominent men right ahead of me — and they were talking about a business matter before they even got out of the church.

I wonder how much respect they expect when their time comes?

CONTRACTORS' NOTICE  
OF TEXAS HIGHWAY  
CONSTRUCTION

Sealed proposals for constructing 1.456 miles of Gra., Flex. Base & Asph. Conc. Pavt. from 16th St. to East City Limits of Canyon on Highway No. SH 217, covered by C 168-11-8 & C 464-1-19, in Randall County, will be received at the Highway Department, Austin, until 9:00 A.M., February 19, 1958, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of William V. York, Resident Engineer Canyon, Texas, and Texas Highway Department, Austin. Usual rights reserved.

Three County Herds  
Lead Association

Three of the top four herds in the Randall County Dairy Herd Improvement Association during December are Randall County herds, according to the monthly report by Harold L. Hensley, supervisor.

Louis Henders had the top herd with an average of 1280 pounds of milk with a butterfat percentage of 3.7. H. B. and Jones Hales had the second high herd with an average of 1220 pounds of milk and 3.7 butterfat percentage. Neil Downing had the fourth high herd with 1150 pound average and 3.3 per cent butterfat.

Henders had two cows placing high in butterfat with 87 pounds each. Richmond Hales had one with 89 pounds. Downing had one with 89, H. B. and Jones Hales had one with 87 pounds and West Texas State had one with 110 pounds.

The highest producing cow was the WT cow that produced 110 pounds of butterfat. She gave 2680 pounds of milk, also.

The association includes 1032 cows, 851 of which were giving milk in December. The cows gave an average of 840 pounds of milk and 34 pounds of butterfat.

December Death  
Toll Hits Eight

December highway wrecks in the Panhandle cost eight lives, 102 injured persons and \$159,730 property damage, according to a report by Capt. J. W. Blackwell, commanding officer of the Amarillo district of the highway patrol.

The toll in December brought the year's deaths to 113. There

were 1046 injured and \$1,325,886 in property damage.

Speeding continued to lead the causative factors for the wrecks during December. Second on the list was drinking while driving, and third is driving on the wrong side of the road not in passing.

The 39 patrolmen of the district investigated 180 accidents, made 1507 traffic arrests, of which 980 were for speeding and 55 for DWI, and issued 5623 warnings.

## Memorial Scholarship

Planning for a scholarship fund for journalism at West Texas State College in honor of the late Clyde Warwick has been started by the Panhandle Press Association.

Association President Harold Hudson of Perryton told of the plans in the January edition of the *Panhandle Publisher*. He said he had taken the matter up with the directors and that several newspapers had offered to send a check to start the ball rolling. Hudson said he thought that plans and procedures ought to be made before any money is collected, however.

The matter will most likely be taken up at the annual convention of the association in April, and probably by next fall a scholarship will be available.

West Texas State was selected as the school for the scholarship because of Warwick's long-time association with the college and his personal aid in helping youngsters attend.

## What Our Neighbors Say ...

## Scissor Snippings

**Cecil Waggoner in the Claude News:** "How is it," an Englishman asked of an American friend, "that you Yankees get on so well in business while so many of my countrymen fail? What is the secret of your success?"

"Brains, my boy," the American said. "You should eat more fish. Give me \$5 and I'll get you some of the same wonderful fish my wife buys for me. Eat it and you'll begin to catch on, too."

The Englishman parted with \$5 and the next day a fish was delivered to his house. He met the American the following day.

"How did you like the fish?" the American asked.

"Oh, it was a splendid fish," the Englishman said.

"Do you feel different in any way?"

"No," said the Englishman, "I can't say I do, but I've been think-

ing, old chap, wasn't \$5 a jolly stiff price for just one fish?"

"There you are," said the American. "Your brain is beginning to work already."

☆☆☆  
**Ben Ezell in the Canadian Record:** We want to doff the editorial hat to that tribe of North Carolina Indians who routed the exalted knights of the Ku Klux Klan last weekend. For once the Ku Kluxers can't claim that their attackers were un-American.

☆☆☆  
**Paul Crume in the Dallas Morning News:** Ann Schaefer, one of the young assistants at the John Fickling School in Casa View, was waiting for her ride home after a long and full day recently.

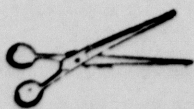

She kept peering through a window, expecting at any moment to see the family car show up in the

early dusk. One of the kindergarten youngsters noticed it and asked what she was doing.

"I'm looking for my mother," said Miss Schaefer.

"Said the incredulous youngster: 'You mean that teachers have mothers?'"

☆☆☆  
**Harold Hudson in the Ochiltree County Herald:** Over at Oklahoma University, the federal government has granted \$10,000 for a study of the sex life of catfish. We can't object too heavily to this business, because if a catfish had no sex life, we'd have no prospects for bullheads with which to supplement the jackrabbit diet we're likely to have if someone doesn't stop spending more than they take in. The use of "we" in this instance means you, too.

## Wayside News

Rev. Joe Leatherwood filled his regular appointment Sunday. His wife accompanied him and they were dinner guests in the E. J. Mahler home. In the afternoon, Rev. Leatherwood visited W. L. Fisher and Mrs. Lem Fisher in Neblett Hospital in Canyon.

Mrs. Robert Gusa called her homefolks, the E. J. Mahlers, by telephone from Erding, Germany, Wednesday. It was after supper there though it was in the middle of the afternoon here. It took only 20 minutes to complete the call, and the reception was good. Mrs. Mahler talked with Robert also, and three-year-old Mike.

Mr. and Mrs. Standley Gillham and boys of Portales, N. M., spent last weekend with relatives in the Wayside community.

Mrs. Floyd Adams is at home and is improving.

Mr. and Mrs. Henry Hamblen were Amarillo and Claude callers Tuesday.

Little Randy Mayes was able to be brought home from the hospital the first of last week and is much improved.

Mr. and Mrs. Henry Spencer of Quitaque and Mr. and Mrs. Sam Mayes, Sammie and Vickie were visitors in the Jimmie Bean home last Sunday.

Fred Schafer and his sister, Mrs. Frances Haney of Vigo Park, were visitors in the W. R. Franklin home Thursday afternoon.

We read a wire story recently about a punctual South Carolina man who shot his wife in the leg for getting home 20 minutes late.

This makes fairly safe reading at our house, even for the spouse. Occasionally, one of us develops high blood pressure over the other's tardiness, but fortunately we take turns at it. Result is we've learned considerable tolerance for each other.

We have some friends, however, who we hope didn't see this news item. For one thing, he's a retired Navy man and just might be handier with a gun than the spouse is. Also, he's always ready; she never is.

The other night they showed up at a small, intimate supper party looking, as usual, as if they had stepped out of a bandbox. Both are naturally neat, they wear good clothes and groom themselves carefully. As she walked in the door, she announced:

"I'm modelling a new fashion tonight." With that, she turned her back and revealed a zipper torn completely from its moorings, waist to neckline.

As we pieced the story together, the good colonel had got himself dressed at the proper time, allowing 10 or 15 minutes for getting where they were going. He then went out and started the car. He sat for several minutes after the most placid private citizen would have begun to wonder if his wife had drowned in the shower. And still he waited.

Finally she put in an appearance: "My zipper is stuck. Will you zip me?" she inquired sweetly.

He did. All the impatience that had been simmering inside a perfect gentleman was let loose on the zipper. It gave, and so did the fine beige wool. As we see it, a wounded costume is more easily mended than a wounded leg.

The optimist sees things as they should be — not as they are.

MR. AND MRS. GLEN ANDREWS

Vows Read for Burrus, Andrews Jan. 25 at Joseph A. Hill Chapel

Juanelle Burrus, daughter of B. A. Burrus of Canyon, and Glen Andrews of Hereford, son of Mr. and Mrs. Owen Andrews of Hereford, were united in marriage in a double ring ceremony Jan. 25 at 5 p. m. in Joseph A. Hill Chapel. The Rev. Strauss Atkinson, pas-

tor of the First Baptist Church, performed the ceremony before an altar draped with white satin swags caught at each corner and center with white satin bows and fern. This held a large white fan of styrafoam and net centered with a fan bouquet of white stock and fern, flanked by two seven branched candelabra centered with fern and white stock tied with white satin bows and streamers and outlined with white posts and cord.

Mrs. Ann Dawdy, organist, accompanied Mrs. Bruce Winn, soloist, as she sang "Through the Years," "Because" and "The Lord's Prayer." Traditional processional marches were used.

Mrs. Andrews, mother of the bridegroom, wore a royal blue knit suit and a corsage of white feathered carnations, backed by white satin leaves and tufts of white net.

Bridesmaid was Vera Dell Andrews, sister of the bridegroom, who wore a blue brocade satin ballerina length dress and carried a white tulle fan with white and silver net and white satin knotted streamers.

Clark Andrews, brother of the bridegroom, was best man. Troy and Austell Burrus, brothers of the bride, were ushers.

Given in marriage by her father, the bride was attired in a gown with a white satin bouffant skirt and long train, overlaid with white nylon net, and a princess style blouse of white lace, styled with a Queen Ann collar and long sleeves that came to a point above the wrists. The waist length veil was of white tulle edged with nylon lace and seed pearls, forming a teardrop headress. She carried a white Bible topped with a bouquet of white azaleas, tufts of white tulle, and streamers seeded with pearls.

A reception for the immediate families was held in the bride's home following the ceremony. The

serving table was laid with a white cutwork cloth. A two tiered wedding cake, topped by the traditional bride and groom figures, coffee and tea were served.

After Feb. 3, the couple will be at home at Organ, N. M. The

bride, an elementary education major, was a junior at West Texas State College. The bridegroom graduated from WT in 1957 and is employed at White Sands Proving Grounds in New Mexico.

Plainview, Tex., Man Reports—

## "I Got a 2,000-lb.-per-acre Increase on 575 Acres of Grain Sorghum."

Lem Brock, of Plainview, Tex., says: "I put down 100 pounds of Phillips 66 Agricultural Ammonia on 575 acres of irrigated maize land, and got an average of 2,000 pounds of grain increase per acre. I also put down 100 pounds of Phillips ammonia on castor beans and got an increase of 500 pounds of beans per acre. Also, by using Phillips 66 ammonia I got 1½ bales of cotton to the acre in an unseasonable cotton year."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them to get more profit per acre, through higher yields and lower production costs.

They have found that, by using Phillips 66 Ammonia, they get more cotton that grades out higher at the gin; yields of grain sorghum grain and ensilage are increased; more marketable vegetables are harvested, and profits on wheat are increased through better forage, and higher yields of grain.

See your Phillips 66 Agricultural Ammonia distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

## LEGAL NOTICE

ADVERTISEMENT FOR BIDS The Commissioners Court of Randall County will accept bids until 1 p. m. Monday, Feb. 24, 1958, for the purchase of the following: 15,000 sets Poll Tax Receipts for 1958 with copies Ad valorem tax receipts for 1958 as required by Mr. Bill Money, Tax Collector, and the binding of 1958 Tax Roll. Further details may be obtained from Mr. Bill Money, Randall County Tax Collector. Bids for poll tax receipts will be considered separately from other items in order that the bidder may bid on either of the two parts. ROY JOE STEVENS, Randall County Judge Attest: T. H. LAIR, Randall County Clerk 45t2

Sealed bids addressed to the Commissioners' Court of Randall County, Texas, will be received until 2:00 p. m. on the 17th day of February, 1958, in the Office of the County Judge in the Court House at Canyon, Texas, for a sixteen-inch maintenance machine. For further information, bidders should contact L. S. Johnston, Sheriff, Randall County, Canyon, Texas. The County reserves the right to reject any or all bids, and to purchase from the bidder or bidders who, in the opinion of the Commissioners' Court offer the proposal to the best interest of the County, and to waive formalities. 44t2

## Fairview Breezes

Mrs. M. F. Evans, mother of Mrs. J. W. Wesley and Mrs. G. E. Wesley, had a slight stroke Monday night. She was rational Wednesday.

Mr. and Mrs. G. E. Wesley visited with Mrs. Wesley's mother, Mrs. M. F. Evans, a while Tuesday.

LaVenia Amerson and Mrs. Charles Sutton attended the Randall County Home Demonstration Council meeting in Canyon last Tuesday.

Frank Rogers came from the osteopathic hospital Tuesday. He reported his wife improving. He visited her Thursday.

C. P. Rogers attended the farm sale east of Tulia Thursday.

Gordon Foster visited a while in the J. W. Wesley home Thursday.

Red Wilson was being treated by his doctors Tuesday.

A visiting preacher was with us Sunday. He is a Wayland College student and he spent Sunday noon with the G. E. Wesleys.

Mrs. Frank Rogers was released from the hospital Saturday. Frank and Mr. and Mrs. J. W. Wesley brought her home.

Mrs. Charles Wilson was honored with a pink and blue shower after the home demonstration club meeting Friday afternoon at Mrs. E. W. Schaeffer's home.

Mr. and Mrs. G. E. Wesley and LaVenia Amerson attended the basketball game Friday evening. It was between Happy and Roosevelt.

Mr. and Mrs. Robert Smith and boys attended the "42" tournament Saturday evening and visited Saturday night and Sunday in the E. W. Schaeffer home.

Mr. and Mrs. Richard Evans returned from Rockport Saturday where they had been fishing. Mr. and Mrs. H. H. Shipman and daughter, Nan Early, and Nan Early's boy friend from El Paso attended the Sweetheart Banquet in Happy Saturday evening.

Mrs. Charles Sutton visited with Mrs. M. F. Evans a short time Saturday afternoon. She reported Mrs. Evans better.

The "42" tournament Saturday evening was well attended. Hostesses were Mrs. Charles Sutton, Mrs. Serena Bryan and Mrs. J. W. Wesley. Mr. and Mrs. G. E. Wesley won high score and Mr. and Mrs. Robert Smith won low. Mrs. G. E. Wesley also won the traveling prize. Mrs. E. W. Schaeffer, Mrs. Rafoz Shipman and Mrs. Hollis Shipman will be hostesses for this coming Saturday night.

Mrs. Woodrow Wesley was sick the first part of last week.

## 11 Couples Named For Sweethearts

Eleven couples have been nominated as West Texas State College's 1958 Campus Sweethearts, in an election sponsored by Kappa Tau Phi, one of four girls' social clubs. Winners of the title will be presented Wednesday at a "Sweetheart Dance," to start at 7 p. m. in the Student Union Building. The sweethearts are featured in the Le Mirage, WT yearbook.

Nominated were Gary Kunka of Pollett and Barbara Knox of Brownfield; Gene Brewer of Sunray and Janelle Traylor of Dumas; Charley Sanders of Gruver and Barbara Kerr of Borger; Jim Reid of Amarillo and Carolyn Baer of Dumas.

Mac Kehoe of Texline and Ann Kesterson of Borger; Jim Hartman of Wellington and Sue King of Spur; Charles Quattlebaum of Hereford and Beverly Bland of Slaton; Jerry Edwards of Dumas and Carolyn Raley of Kermit; Buck McAdams of Amarillo and Christine McFarlen of Dumas; Eddie Slay of Wellington and Charlotte Crain of Canyon; and John Smith of Dalhart and Lugenia Hubbard of Goodnight.

## Field Worker Preaches Sunday

A representative of the Texas Board of Christian Churches for West Texas will preach at the First Christian Church Sunday morning. He is the Rev. James Edgar McDonald Jr.

The first officer of the State Board of Missions for the Christian Churches to be assigned to West Texas, the Rev. McDonald opened his office in Lubbock in October of last year. His territory includes the Panhandle, South Plains, Permian Basin and the Big Bend area.

His work is to establish new congregations, work with city and district organizations, counsel with pulpit committees and serve as representatives of the Disciples of Christ.

A specialist in the fields of Christian stewardship and church development, the Rev. McDonald has been a Christian Church preacher since 1947. He received his B.A. degree from Transylvania College, Lexington, Ky.; and a B.D. degree from the College of the Bible, the Disciples of Christ seminary in Lexington.

All members and friends of the First Christian Church are invited to hear the preacher. Time of the service is 10:50 a. m.

The Rev. McDonald will be in Canyon through the day and will meet with the Disciples Student Fellowship and other groups during the afternoon.

## Priscillas Have Valentine Party

The Priscilla Club had its annual valentine luncheon in the home of Mrs. I. F. SoRelle Feb. 5.

The valentine theme was carried throughout the home. Mrs. Bill Crow made the placecards by hand.

Officers elected for another year are Mrs. Dewey Foster, president; Mrs. Ray McReynolds, vice president; Mrs. S. B. Loudder, secretary-treasurer; and Mrs. J. M. Daugherty, reporter.

Present were Mrs. Alfred Bellah, Mrs. E. D. Walker, Mrs. H. M. Stokes, Mrs. Gladys Marshall, Mrs. C. R. Flesher, Mrs. Hud Prichard, Mrs. Crow, Mrs. Daugherty, Mrs. C. M. Dowlen, Mrs. Dudley Moore Sr., Mrs. D. M. Foster, Mrs. S. B. Loudder, Mrs. C. M. Presley, Mrs. R. A. Hodges, Mrs. McReynolds, Mrs. T. S. Stevenson Sr., and Mrs. Parker. Mrs. Ernest Brown was a guest.

## Perkins Graduated At Fort Benning

Army 2nd Lt. Richard L. Perkins, son of Mr. and Mrs. E. E. Perkins of Canyon, recently was graduated from the officer airborne course at the Infantry School, Fort Benning, Ga. He is a 1956 graduate of Texas A&M and was formerly with Mid-Continent Supply Co.

Mr. and Mrs. Howard Boston and children of Cleburne and John Boston of Roscoe were weekend guests in the W. G. Boston home.

## Margaret Johnson Is Worthy Advisor

Margaret Lee Johnson, daughter of Dr. and Mrs. Lee L. Johnson and a sophomore at Canyon High School, was installed Feb. 1 as Worthy Advisor of the Canyon Rainbow Assembly 214. The open installation was held at 3:30 p. m. in the Masonic Hall here.

Miss Johnson is active in FTA and FHA and is trained in playing the piano.

Installing officer was LaNell Johnson; Gwen Kelso, installing marshal; Pat Hardaway, installing recorder; Velma Lynn Larson, installing musician.

Officers installed were Miss Johnson, worthy advisor; Mary Whealy, worthy associate advisor; Sondra Hines, charity; Judy Parsons, hope; Oceone Johnson, faith. Karen Brewster, recorder; Linda Troth, treasurer; Virginia Crouse, chaplain; Suzanne Lemons, drill leader; Janice Lietner, love; Judy Wilson, religion; D. J. Crain, nature; Gloria Buchanan, immortality.

Dana Anderson, fidelity; Gayle Rogers, patriotism; Patsy Robinson, service; Velda Jean Oberst, confidentiality; Barbara Myers, outer observer; Pat Morgan, musician; Margaret Juniper, choir director; Mrs. Lee L. Johnson, mother advisor.

Miss Johnson chose "Trust" as her theme with gold and green for her colors. Flowers carrying out this theme were arranged on the worthy advisor's dais.

Following the installation, the officers performed a flower drill for Miss Kelso, the outgoing worthy advisor. A drill for the incoming worthy advisor symbolized the loyalty and respect the officers had for Miss Johnson. Miss Kelso and Miss Hardaway, the past worthy advisors, presented Mrs. Faye Cannedy, their mother advisor, with a gift.

Members serving on the advisory board for the coming year are Mrs. Iverson Leake, chairman, Mrs. Roy Lyle, secretary, Mrs. Cannedy, Mr. and Mrs. H. C. Adecock, Mr. and Mrs. Crawford Kiker, Mrs. Charley Hughes, Mrs. T. E. Beard and Dr. Johnson.

Refreshments were served by Judy Parsons, Sondra Hines, Mary Whealy and Marie Dowlen.

Mr. and Mrs. J. D. Byrd visited relatives in Hinton, Okla., last week. The previous weekend, the Byrds and Mr. and Mrs. Bill Davis were in Santa Fe, N. M.

## Library Keeps Pace With Public By Staying Abreast of Demand

The Randall County Library is just a "hop, skip and jump" from downtown Canyon, and the library is seldom more than a jump behind public interest.

Located across the street from Neblett Hospital and Clinic, the library has books in all ten categories of the Dewey Decimal System, which is the most popular method of classifying books.

The library also keeps up with public interest by subscribing to 30 of the magazines most in demand. Donations make the selection of periodicals almost complete.

Standard reference works on many subjects are used by library patrons. One of the outstanding references is a complete set of Current Biography.

Keeping these facts in mind, it is easy to see why the average monthly circulation in 1957 was 996. Broken down, that circulation is: Periodicals, 381; juvenile, 228; fiction, 200; and non-fiction, 187. The total circulation last year was 11,951.

Patrons have found many types of books in the library: general works, philosophy, religion, sociology, philology, natural sciences, useful arts, fine arts, literature and history.

Textbooks in math, foreign languages, law, social sciences and other subjects appear on the shelves beside books on hobbies. Typical hobby books are photography, music and cooking.

Fiction, always a library standby, is popular with both adults

and juveniles. Mysteries and westerns are supplemented with classics, love stories and other types of fiction in both categories.

Special shelves in the library are devoted to Texas, current books and encyclopedias. The Sue Hite Club donated books for a memorial shelf for Ola Davis Hill, and another shelf has been filled with books given in memory of other individuals.

Persons who have been residents of Randall County for at least six months may get a library card by having a property owner who is not a relative sign an application for the person who is seeking the card. Persons living out of town may borrow a book by making a \$1 deposit.

Although the library uses funds left over from salaries and expenses for books and book repairs, the library is often increased by books and periodicals donated by citizens. In 1957, 39 books were added to the library through donations. A total of 241 books were added to the library last year, and the difference between the two figures is the number of books the library bought, 202.

Latest additions to the library are eight adult books and five juvenile books. Adult books are "A Family Affair" by Eddy, "Peace River Country" by Allen, "The Edge of Darkness" by Chase, "The Truth About Texas" by Nordyke, "The Texas Almanac," "The World Almanac," and "The Gallant Mrs. Stonewall" by Kane.

Juvenile books are "Six Foolish Fishermen" by Elkin, "Who Ever Heard of Kangaroo Eggs" by Vaughan, "Little Hawk and the Free Horses" by Balch, "Dew Line" by Morenus, and "The Little Marquis: Madame Lafayette" by Wilson.

## THE WEATHER

If you're like me, you've probably watched and worried and wished something could be done about our Southwest weather.

Well, I'd like to suggest you watch your television listings for the new Bell System science show, "The Unchained Goddess," which will be telecast on Channel 4, February 12, at 8:00 P.M.

It's the story of the weather, what causes it and what is being done to control it. I think you'll enjoy seeing it.

## AT YOUR SERVICE

Some friends of mine are high in their praise of the telephone for its dependability in practically any kind of weather, day and night. They're happy with their telephone service and we're glad they are. But we're not content to rest on our laurels.

To improve their and your service, new ideas to improve telephone equipment are constantly tested by telephone scientists. New methods are continually put to work to help your calls go through easier and faster. Behind the scenes, experienced telephone employees work "around the clock" to give you the best in telephone service.

These three reasons, new ideas, new methods, and experience, are why telephone service never stops improving, yet remains easy on the family budget.

## OUT OF THE PAST

I was thumbing through some old magazines the other day and found some household hints that had been published during the war years. One column suggested using an egg-timer to limit your Long Distance calls to three minutes.

I started wondering if anyone is still using an egg-timer out of a force of habit. I hope not because you certainly don't need to.

Today, there are plenty of Long Distance lines. You can talk as long as you like and as often as you like. In fact, it's wiser to take your time on Long Distance calls and say everything you want to say. One six-minute call always costs less than two three-minute calls. The longer you talk, the less it costs on a per-minute basis. And, you save an additional one-third when you call station-to-station.

Call by number. It's twice as fast.

## Nuptial Vows Solemnized

MRS. LARRY PORTER

## Double Ring Ceremony in Church Unites Gayle Moore, Larry Porter

In a double ring ceremony at the First Baptist Church in Spearman Jan. 24, Gayle Moore, daughter of Mr. and Mrs. Ray Moore of Spearman, became the bride of Larry Porter, son of Mr. and Mrs. Wayne Porter of Canyon.

Rev. O. L. Bryant, pastor, read the vows before an archway fashioned of pink and white carnations and flanked with candelabra and baskets of stock and carnations.

Mrs. Rue Sanders, organist, played "Oh Promise Me," "Liebestraum," and appropriate wedding marches. She accompanied Mary Nelms, who sang "I Love You Truly," "Because," and, as the benediction, "The Lord's Prayer."

Kay Moore, sister of the bride, served as maid-of-honor. Her ballerina length dress of pink imported lace over satin was fashioned with a fitted bodice and bouffant skirt and was accented with a pink satin cummerbund which ended with streamers in back. The bridesmaids, Mrs. Ted Collier of Spearman and Linda Lee of Houston, were attired in gowns identical to Miss Moore's. The maid-of-honor carried a nosegay of pink and white carnations, and the bridesmaids carried nosegays of pink carnations.

Nelda Vanderburg, flower girl, wore a dress of pink crystalline styled in the manner of the bridesmaids. She carried a basket of pink carnations and wore a wristlet of pink rosebuds.

Douglas Moore, brother of the bride, was best man. Larry Jacobs and Ted Collier served as ushers and lighted candles preceding the ceremony. Groomsmen were Bob Wilkinson of Canyon and Joe David Black of Borger. Serving as ring bearer was Randy Moore, brother of the bride.

The bride, given in marriage by her father, wore a waltz length gown of white tulle with lace inserts over satin, styled with a scalloped bateau neckline, long fitted torso and full length sleeves which ended in a point over the hands. Her double, finger-tip length veil was attached to a crown of seed pearls and rhinestones. She carried a pearl covered Bible topped with white roses, pink rosebuds and Stephanotis.

Mrs. Moore, mother of the bride, chose a dress of aqua suede jersey, complimented with white accessories.

## Rev. Ragle Attends Dallas Conference

Rev. H. Doyle Ragle, pastor of the First Methodist Church, represented Canyon at the 23rd annual Ministers' Week in Dallas last week.

Rev. Ragle also attended the meeting of the Perkins School of Theology Alumni and a meeting of the executive committee of the Texas Pastors School.

Speakers at the Ministers' Week, which was held on the campus of Southern Methodist University Feb. 3 through Feb. 6, were Dr. W. E. Sangster of London, England, Central Secretary of the Home Missions Department of the British Methodist Church; Dr. Rajah B. Manikam, Bishop of Tranquebar, the Church of South India; and Dr. Jack Finegan, professor of the New Testament, Pacific School of Religion, Berkeley, Calif.

## Publication Service

Our world today is a world of growing specialization which results in the people becoming dependent upon other people for the things which they do not specialize in; therefore, each individual must give his best service to his field if the rest of the people are to survive or have what is expected.

Within our school there are certain organizations which give continuous service from the first of the year to the last day of school. You never hear much about them and you seldom see what they do day by day and week by week. Their production is steady and the final total amazing.

Take the publications department, for example, the yearbook staff of CHS. Its four members and one sponsor have spent endless hours and given their ultimate effort to publish a yearbook for your enjoyment and to keep in the years to come as a memento. The newspaper staff writes hundreds of inches of copy during the school year and spends hour after hour writing stories, composing headlines, proofreading, collecting information, and planning the layout for the paper you read so casually.

Few people have experienced or know the tremendous amount of work, planning of details, constructive and creative thinking, arrangements to be made for organization of materials and various duties to be performed which members of the staff must be willing to render consistently. All of these factors are time-consuming elements and yet the quality of the work produced is always good.

At the same time these students are learning and putting into practice the ideals of cooperation, coordination and consistency of the work which must be developed to succeed in their endeavors. Members of the staff find these qualities imperative in order to meet their deadlines.

Often the finished product of this organization does not truly reveal the work that goes into it as with many other organizations. It is difficult to visualize the work which is put into composing a few lines of type, much less the hundreds of inches which are written by students during the school year.

These students are serving their school with honor and pride. They represent a minority which carry the load which a majority enjoy. These students have fully realized the meaning of service to their school and to their fellow students.

## Chili and Game

The ticket sales for the senior chili supper have begun. \$ .50 is the cost of either supper or the game or both. If you haven't made plans to attend do so now. Supper will be served from 5:00 - 7:30 p.m. Jan. 14, 1958 in the High School cafeteria. The chili will be homemade and there will be plenty of it. The basketball game starts at 8:00 in the High School Gym. This project is to raise money for the senior trip.

Serving on the ticket committee are: Roy Hunter, Mac Boswell, Wynona Yarbrough, Barbara Brown and Janet Taulor.

???

It will be soon be seen around the halls of CHS. Will you be one of the first to see it?

From the deep dark recesses of human minds comes a bold new concept in the field of . . .

Daring and uncensored? Perhaps. Awe inspiring? Maybe. You wait and see.

The massive wheels of production have begun to whirl in feverish madness as the world premiere draws nearer and nearer. The colossal imagery of human intellect has produced an IT.

Will you be the first to own one?

## Funk Is Crowned Prince Charming; Whinnery Chosen Girl of the Year

Mayla Atkinson crowned Dory Funk Jr. Prince Charming of the Canyon High School FHA Chapter and presented Jeanne Whinnery as Girl of the Year at the annual FHA Banquet February 8.

Other candidates for Prince Charming were Richard Burgess, Dana Wilbanks, Jerry Parker and Eddie Boydston.

Dangling silver stars, blue streamers and covered wagon center pieces decorated the cafeteria of the Canyon Elementary School building in carrying out the theme, "Hitch your wagon to a star." The girls, with the assistance of Mrs.

## Maggie's Corner

FFA Raises Money for M.O.D.

To raise money for the March of Dimes the FFA boys are selling light-bulbs. One bag which contains nine bulbs cost \$2.00. The boys are planning to sell 240 bags making a total of \$480 gathered from sales.

The Jaycees are sponsoring the program and this is an FFA community project.

## Atom Is Discussed

Chemistry in the Space of the Atom was discussed by Dr. David Compton, who is with the West Texas State College chemistry department.

The meeting was held in the home of Marcia Barker Feb. 6. Refreshments were served following the lecture. Serving on the refreshment committee were Jerry Parker, Charles Nester, Judy Taylor and Marcia Barker.

## Rainbows Have Swimming Party

The Canyon Rainbow Assembly sponsored a swimming party for CHS students. It was held at the WT indoor pool Jan. 5.

Each person paid 50 cents for the privilege of swimming. This project was to raise funds for the trip to Grand Assembly which will be held in Houston next summer.

## Band - Choir Give Concert

The band and choir played to a capacity crowd when they presented their combined concert Jan. 30.

The "go-getters" of the choir and band sold enough tickets to fill the main part of the auditorium and part of the balcony.

Many of the audience were heard to remark afterward that this was the best program yet. The last two selections with combined band and choir brought many compliments.

Proceeds will be divided equally between the choir and band.

## Sophs Lead Drive

The sophomore class beat the upperclassmen in the March of Dimes campaign giving a total of \$21.86. The freshman class was second. The campaign, sponsored by the SFC, ran Jan. 21-30, and the total amount donated was \$34.82.

## Yearbook Staff Meets Deadlines

Have you noticed the quickening pace of productivity of the yearbook staff recently? If you should pass by the publication room and hazard a glance through the window you would detect the bustling staff working feverishly.

Know why?

Three-fourths of the annual copy must be sent to the publishers by Saturday. The rest of the material is scheduled to be completed by March 7, and the annual, "Soaring Wings," is contracted to be ready for delivery to students within nine weeks of the final deadline.

This year's annual staff includes Rachel Smith, editor; Nancy McCormick, assistant editor; Joyce Shelmut, business manager; and Sheryl Davis, layout editor. Mrs. Nora Gilmore, faculty member, is the sponsor.

It is interesting to observe the staff in the workroom in their hustle to beat the deadline. The long work table, which almost fills the whole room, is littered from one end to the other with articles apparently tossed helter skelter in the rush of work. This scene, when accompanied by the staff at their jobs, completes the entire atmosphere of "hurry."

There on the work table is all the paraphernalia needed for the publication planners—informational books, newspapers, pictures of all sizes and shapes, letters, several rulers, layout-copy forms, carbon paper, empty envelopes, snapshots, pamphlets, paper clips, paper cutter, write-ups, picture mats, last year's annual, labels, advertising agreements.

Perhaps if you know of the enormous amount of work that went into the makeup of just one page you would not wonder at the rush of the production staff. Take a good look at your book and see what results they get.

W. R. Crow, made the decorations.

The girls and their dates were served a menu of fruit cocktail, minute steaks, creamed potatoes, pear-lime salad, English peas, hot rolls and cherry pie. Twenty junior high girls served as waitresses.

On the program was Rev. Donald Price, guest speaker; Supt. Joe Gibson, greeting; Rev. Strauss Atkinson, benediction, and Ann Jarrett, the activities of the FHA.

A devotional on the six senses of love was presented by Sharon Abbott, Dorothy Higdon, Edna Lewis, Shannon Downing, Margaret Johnson, Betty Gouge and Gayle Rogers.

Jeanne Whinnery, Sally Foster, Suzanne Lemons and Bernice Green gave three pantomimes, "Love, Love, Love," "At the Hop" and "Just Between You and Me."

Others running for the girl of the year were Candy Throckmorton, Sandra Barger, Melba Haile, Shannon Downing and Patricia Salmond. Each of these girls was Girl of the Month and was chosen on the basis of helpfulness on FHA projects.

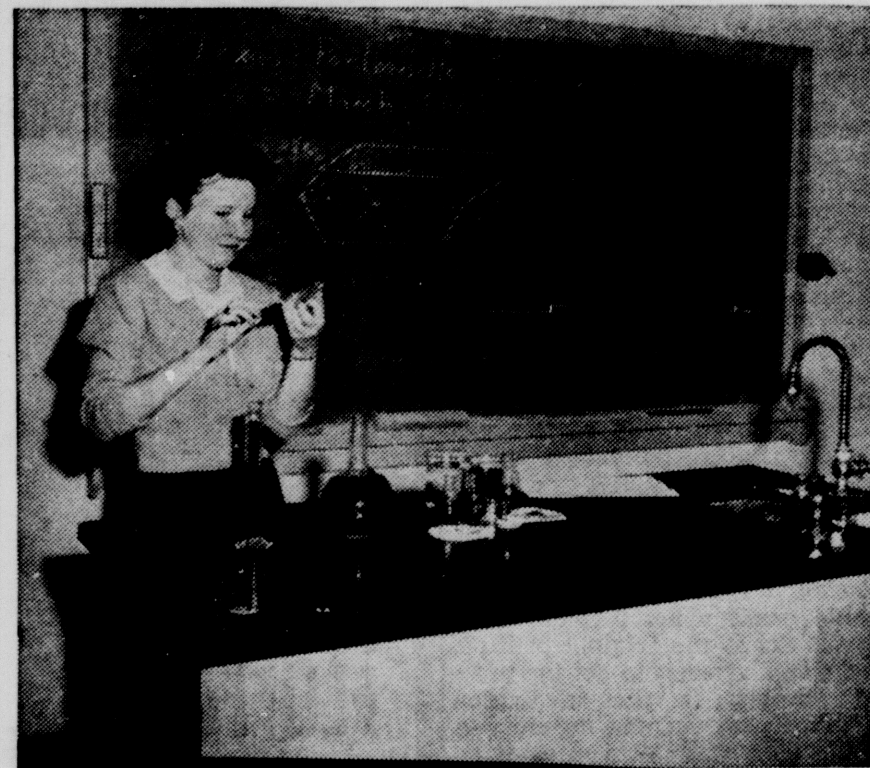

## Science Student Exhibits Crystals

As a special attraction for her entry in the Texas Science Fair March 21-22, Mary Whealy has constructed a crown out of tin and covered with gauze which she plans to immerse in potassium dichromate solution which will soon grow crystals producing a sparkling crown.

Mary will exhibit crystals of copper sulfate (bright blue) and chromic potassium sulfate. Also in the display Mary will show white sodium sulfate crystals that will be measured on the display by calipers.

Fifty-two countries will participate in the Science Fair this year.

## Crystal Grower

Mary Whealy exhibits some of the crystals which she plans to show in the Texas Panhandle Science Fair, March 21-22, at Amarillo. If her exhibit were to win Mary would then be sent to the National Science Fair at Flint, Mich., in May. She has also qualified as a candidate in a national contest sponsored by Westinghouse by passing their difficult test.

Entries are to be taken and classified from the first grade through high school.

The fair is set up to show various phases of the science realm. Subject matter will include biological, engineering, mathematical, chemical or physical principles, laboratory procedures or industrial developments.

Winners will be chosen in three divisions. They are the physical sciences, the physiological sciences and the biological sciences.

Purposes for conducting the science fair are to offer opportunity for the display of scientific talent and to provide recognition for the talent, and to stimulate the desire for scientific experimentation and discovery by both students and teachers.

It will aid in encouraging many

to enter scientific careers and direct attention on science.

Standards for judging will include scientific thought, creative ability, thoroughness, clarity and dramatic value, and technical skill. Scientific thought itself is made up of completeness of observation, controlled experimentation, theories, analysis, cause and effect reasoning and sound comparisons.

Other standards for judging will be originality in plan, completeness and conciseness, amount of interest it denotes, neatness of labels and understandable nature of exhibit.

First and second place senior winners with their instructors will receive an all-expense paid trip to the National Science Fair in Flint, Mich., in May. Trophies will be presented to winners in each division.

## All-Region Choir

Sixteen CHS choir students recently attended the All-Region choir workshop and concert in Pampa. From left to right in the front row they are Lemons, Purcell, Fanning, Killingsworth, Kelly and Mann. The second row consists of Marshall, Fanning, Lemons, Higdon, Minor, Gray, Henson and Callaman.

## All-Region Choir Presents CHS 'Sixteen' Opportunities in Music

Singing some of the most challenging music ever composed, 16 members of the CHS choir participated in the All-Region choir which appeared in Pampa Feb. 6. This group also sang as an ensemble before a meeting of the Canyon Classroom Teachers Association, February 4.

A double octet composed of the following attended: Joy Gray and Carol Minor, soprano; Betsy Callaman and Melba Haile, soprano; Beverly Henson and Mary Gladys Marshall, alto; Suzanne Lemons and Nedra Fanning, alto; Lloyd Mann and Louise Higdon, tenor; Richard Purcell and Neal Lemons, tenor; Jim Fanning and Doyle Kelly, bass; Carroll Wright and Jim Killingsworth, bass.

Six selections by Hindemith have caused the most difficulty because of their modern qualities. The six are translations of French poems set to modern dissonant music. The nonsensical words, rhythm and chords, make them, as some members say, "Real gone!"

The students gained a satisfaction, however, in sweating out the wrinkles at rehearsal. On the concert, the selections sounded like

polished pieces, giving the student a real joy.

The All-Region Choir, composed of 136 students from over the Panhandle, sang the entire selection of All-State music with the exception of one song in Latin, and a combined choir, orchestra and band number, "Song of Democracy."

The selections were "Ave Maria" in Latin, "He Is Born" and "Was-sail Song," the six Hindemith pieces, "A Swan," "Springtime," "Orchard," "In Winter," "Since All Is Passing" and "The Doe." Also sung were "Alleluia" and "Soon, Ah Will Be Done," a Negro spiritual.

Mr. Frank McKinley, associate professor of music at North Texas State College, will direct the choir.

## GOOD PANHANDLER

On getting a letter from her daughter, a student nurse, mother was badly upset.

"I don't understand it," she moaned. "We send our daughter a good allowance, and yet she writes home that she has had to do a lot of panhandling this week."

## Whealy Qualifies for Talent Search In Westinghouse Scholarship Test

Mary Whealy has recently qualified as a candidate for the 17th

Annual Science Talent Search, and is eligible for one of the Westinghouse scholarships or awards which total \$34,250. She became eligible by passing the extremely difficult science aptitude examination which was given to 4,050 high school seniors from 47 states and the District of Columbia.

Mary was one of the 1,074 students who made high enough to qualify as a candidate from the 4,050 entrants. This number previously had been selected from 25,039 students from over the nation who had requested the privilege to take the examination.

Mary was one of 274 girls who made up 21% of the total who passed as compared with 800 boys who qualified. She was the only one to become a candidate from this region and was one of 30 to pass from the state of Texas.

She has now successfully completed her first step on the way to reaching her goal of being one of the winners. Forty winners and 260 honorable mentions will be selected at a later date.

After having qualified the winners will be chosen on the basis of their school records, teachers' recommendations and 1,000 word reports on scientific research projects written by the students. Winners will be announced later this month.

Winners and those receiving honorable mention will net valuable returns. First, they will be recommended to colleges and universities besides earning thousands of dollars in scholarship offers. Also, an all-expense paid trip to the Science Talent Institute in Washington to meet outstanding scientists, visit laboratories and confer with the judges, will be given to the 40 winners, Feb. 27 to March 3.

Announcement of the winners of the \$34,250 in Westinghouse Science scholarships and awards will be made at the completion of the visit to Washington. Awards and recognition will go to many other students through the State Science Talent Searches.

The Westinghouse Educational Foundation is an ardent supporter of the Science Service which holds the Science Talent Search and the National Science Fair which will be held in Flint, Mich., May 1-10.

## Future for Riley Is That of Lawyer

Bonnell Riley, one of the most musically-minded boys of CHS is setting his goal high for a life's occupation. He plans to study pre-law at WT with a minor in music and later work toward a law degree from TU.

Bonnell has been in band for six years and plays the bass horn, trombone, clarinet, baritone and drums. He is serving as drum major this year and was assistant drum major during his sophomore year. During his junior year he helped the band director with the Junior High Band. He was a candidate for Band King last year, and playing the guitar is his hobby.

Recently Bonnell made the All-Region Band in Amarillo.

Active in the Spanish Club, Bonnell served as president and vice president of that club. He is a member of FTA and as a sophomore was a candidate for Mr. FTA.

This spring he plans to enter track, represent CHS in the spelling competition in Interscholastic League meet. As well as spelling he will enter in a brass sextet. He is setting his sights for the Tri-State Band Festival in Enid, Okla.

Bonnell's father is engaged in highway construction. His mother cares for the home as well as working at Anderson Appliance.

## Senior Treasurer Likes Languages

Janet Taylor is one of the vital members in the organization of the senior class, holding the position of class treasurer.

As an important member of the finance committee, she has worked hard to raise money by various class projects. Since most of the money being raised is to go for the senior trip, she also serves diligently on the senior trip committee. Collecting from the seniors after each project presents no easy problem, but Janet faithfully works at her many jobs.

Janet's favorite subjects have been Spanish and English. She plans to major in foreign languages in college, but is undecided as to which college she wishes to attend.

Her interest in foreign languages has opened up a possible vocation as an interpreter or foreign service worker. She especially likes the idea of foreign service.

Janet is unique in her ability to compose and interpret music on the piano. She has had 13 years of piano and plays the organ well. She won a first division rating in piano in the national recording contest as a junior.

Janet is a member of the NHS and Student Council. She was in Junior Who's Who and has received the Spanish, English and homemaking awards. This year, she was a nominee for Smile Queen and Homecoming Queen.

## Class Favorites Selected in CHS

A boy and girl class favorite was elected from each class Feb. 4 by the students.

Those reigning from the freshman class to the senior class are Lavonne Patterson, Joe Triplett, Shannon Downing, Frank Davis, Nancy Wiggins, Bob Winn, Lynda Burkett and Alan Hanks.

Blonde haired and blue eyed Lavonne is 15 and likes roller skating, the color blue, singer Sam Cook and the song "Desire Me." She plans to attend college. Lavonne does not think rock 'n roll is here to stay.

Joe Triplett is also blonde haired and blue eyed. He likes drawing and carving, but his favorite hate is working. Joe is 14, and he likes blue, the song "Oh Boy" and singer Pat Boone. He plans to go to college and become "smart." When asked about his most embarrassing moment, Joe replied, "I refuse to answer on the grounds that it may stand to incriminate me."

Sophomore girl favorite is Shannon Downing, 16. She has blue-green eyes and blonde hair. Her favorite color is red. She likes the song "Oh-oh, I'm Fallin' in Love Again" and singer Johnny Mathis. Her pet peeves are inconsiderate and narrow-minded people. Shannon thinks rock 'n roll is here to stay.

"Bondy Maronie" is Frank Davis' favorite song. He is the brown haired, blue eyed sophomore boy favorite. He likes to play basketball, and he also likes Flats Domino and the color blue. Frank's most exciting experience happened when he made the All-Tournament team at the Happy Tournament. He thinks rock 'n roll is here to stay, and Frank's pet peeve is hearing people gripe.

Nancy Wiggins, junior class favorite, likes to run around. Nancy, 16, has brown hair and hazel eyes. She was also a class favorite when she was a freshman. She likes neutral colors, "Desire Me," Ricky Nelson and Elvis Presley. Her favorite hate is two-faced and unfriendly people, and thinks rock 'n roll is here to stay.

Two big thrills of Bob Winn's life came when he shot his first duck and made his first touchdown. Bob, junior favorite, likes "Twenty-Six Miles," the color red, and Buddy Holly. He is 16 and does not think rock 'n roll is here to stay. Bob has brown hair and brown eyes.

Riding horses and playing basketball are Lynda Burkett's hobbies. This senior favorite is 17 and has brown eyes and brown hair. She likes black and pink, "You Send Me," "Catch a Falling Star," Elvis Presley and Perry Como. She plans to go to WT, and she thinks rock 'n roll is definitely here to stay. Her pet peeve is people who wear a frown instead of a smile.

Sam Cook is Alan Hanks' favorite singer. Alan is 18 and has brown hair and blue eyes. He likes "Yellow Dog Blues," fishing and the color blue. Alan plans to attend WT, and thinks rock 'n roll is here to stay.

## Roscows Present Lively Assembly

Mr. Roscoe, who is Polish, and Mrs. Roscoe, who is of German and English ancestry, presented an assembly for the CHS students Jan. 6. It included rope spinning, whip tricks and shooting and gun juggling.

During his tour of service, Mr. Roscoe was stationed in Korea and Japan. While there he went on tour among the servicemen and collected for the March of Dimes \$1,700.

Later after returning from four years of service he met and married Mrs. Roscoe. Since their marriage the two have performed in such places as the Glen Park Casino in Buffalo, N. Y., and the Tin Coaches in Pittsburgh, Pa.

During his tours with the Southern School Assembly programs the Roscows were adopted by the Iroquois tribe where the names, Chief White Cloud and Princess Flying Eagle were given to them. The highest honors that can be given to a person not of their tribe was thereby given to the Roscows.

For nine months they do the school assemblies and in the summer they usually work in night clubs and theatres.

In the eight years that they have been working as a team they have traveled coast to coast as well as to Central America and Canada. Traveling is ordinarily done in a station wagon and trailer. In order to start their tour of Texas they drove 1500 miles from Canada.

Right now Mrs. Roscoe is training two young dogs to be used on the show, for which they have booked until 1960.

## Personality Week To Be Observed

This week a personality King and Queen will be selected from the senior class. Think twice before you vote.

Several weeks ago Smile Week was observed, at which time the smile, as a part of the personality, was stressed. Now as we look toward the election of our personality royalties, we should be looking for all around good personality and not just good looks or popularity.

These highly honored students who are chosen to represent you and your judgment when they attend the personality meeting at WT in the spring. We want our best personalities to represent us, students are capable of reflecting our own personalities in our selection.

Personality King and Queen will be elected from those seniors who are eligible for honors. They will be elected by the entire student body. There will be no nominations before hand. Each person votes for his own choice. These elections will be held Thursday, February 13. Any run-offs will be held Friday morning.

The Personality assembly at which the King and Queen will be crowned will be held Friday afternoon.

## Jackson Biography Reviewed at Meeting

Mrs. T. V. Crounse reviewed "The Gallant Mrs. Stonewall" by Harnett T. Kane at the guest day meeting of the Sue Hite Club Feb. 10 in the Panhandle-Plains Museum.

The biography of Mrs. Stonewall Jackson, the book casts new light on the famous general and the Jackson family. The book is an addition to Kane's biographical novels of the Civil War period.

Mrs. R. P. Jarrett gave the invocation.

Hostesses were Mrs. M. B. Measmer, Mrs. Hatcher Brown, Mrs. W. F. Haggard, and Mrs. Edward Lindsey.

Guests were Mrs. Joe Hooper, Mrs. Charles R. Nester, Mrs. Lee L. Johnson, Mrs. George Gibson, Mrs. John Shipley, Mrs. William Page, Mrs. J. P. Cornette, Mrs. Charles E. Wright, Mrs. Jim Cabe, Mrs. Harry P. Ball, Mrs. E. T. Eneboe, Mrs. S. S. Howell and Frances Watson.

Capt. Glenn Hicks of San Antonio visited his mother, Mrs. W. H. Hicks, and other relatives during the past weekend.

Mr. and Mrs. Edward Lehnick and daughter, Debra Lynn, of Le-fors spent the week with his parents, Mr. and Mrs. Ray Fullerton.

Buffs, Arizona  
Tangle Friday

The West Texas State College Buffaloes meet Arizona State, Border Conference leader, Friday at 8 p. m. on the Buffs' home court in the field house.

The Buffaloes dropped Arizona, 80-49, last Saturday for their biggest margin of victory since the 1953-54 season when the Buffs beat Texas Western, 90-53.

Probable starters for the Buffaloes will be Junior Pitts, Allen Simpson, Charlie Beaton, David Hatcher, and Jim Farren.

Set February 23  
As Heart Sunday

Plans for Heart Sunday on Feb. 23 were discussed at a recent meeting of the Randall County Heart Association.

The association's annual fund drive will be conducted on that day, beginning at 1:30 p. m. Members of the National Guard will canvass the city, according to Riley Troth, campaign chairman.

The association decided to purchase three films for use by schools and civic organizations. The films are "Strokes," "High Blood Pressure," and "Coronary Heart Disease."

Anyone desiring to use the films should contact Mrs. Thornton Dewey, president of the association.

## Musical - -

(Continued from Page 1)

run on Broadway and featured Ethel Merman. It brought out such song hits as "Bidin' My Time," "Embraceable You," "I Got Rhythm," "But Not For Me," and "Samson and Delilah."

Story of the musical is concerned with an Eastern youth, sent West to get away from bad influences at home. He is driven to the dude ranch by a fun-loving taxi driver (played by Roy Lowe), who is chased by a New York telephone operator (Grace Barber). There he meets Molly and Kate Fothergill, and the romance angle begins its work.

Gambling, gambling houses and gamblers enter the picture, and the meat of the story is developed through crooks and crooked officers. With the strong voices of Mrs. Fulton, Roy Lowe, Miss Jordan and Miss Barber, the musical will feature excellent songs. The comedy of Stallings, Burnette and McGowan keeps the pace of action moving.

## Hearing - -

Continued from Page 1

houses and it would make it harder for me to sell to other people who want houses," the sheriff said.

Buchanan said that he would prefer that nothing but residences be built in the area, but that he knew that would not be the case when he purchased his lots and built a house. He said he believed that a shopping center would not be objectionable to him.

Coffee objected to the rezoning on the grounds that it is "spot" rezoning, and could easily be extended to the north all the way to Fourth Avenue, and would hurt residential property values in the entire area. He suggested that Johnston work on an integrated plan for a shopping center on the order of Wolfen Village in Amarillo and ask for rezoning of an area to take care of the plan.

Lair told Johnston that the covenant to the dedication could be dropped on any part of the subdivision if all of the property owners in the subdivision would agree in writing.

Johnston told the city commission he would work further on a plan for a commercial district that would possibly not include all of the blocks in the original petition, and would attempt to get the property owners in the subdivision to agree provided the commission would look with favor on rezoning at a later date.

By VERN SANFORD  
Texas Press Association

By 1962 the first wave of the state's "war babies"—probably hundreds of thousands of them—will be seeking a college education in Texas.

Time to get ready for them is now, says the Commission on Higher Education.

Created by the Legislature in 1955, the Commission has spent some two years getting organized and gathering facts. Now, says the Commission's director, Dr. Ralph T. Green, it is ready to start making some "firm recommendations," beginning with its meeting Feb. 10 in Denton.

Commission has the responsibility for studying the needs and problems of all 18 state supported colleges and universities and making recommendations and appropriation requests for them to the Legislature.

Commission staff has done extensive research in areas of professor's salaries, how many students take what courses and possible need for more branches and courses in certain areas.

Several cities have been actively demanding senior college status for their junior colleges. Commission is to have recommendations on this later.

At present, says Dr. Green, Texas' 18 state colleges have some 77,913 students. By 1962, he predicted, they will have 102,000.

Statewide, the possibilities are even more overwhelming. There are some 160,000 students in both state and private colleges now, said Dr. Green, but by '62 there will be an estimated 320,000 prospective college students.

Come and See Us  
 Texans can garner many millions in out-of-state dollars by learning to be good hosts to tourists.

Said Tom Taylor, manager of information and statistics for the State Highway Department, "The tourist industry is one of the easiest in the world to promote. Every community has something to offer. But many Texans don't know enough about their own communities to give directions."

School Questions To Go Out  
 Some 25,000 manuals are to be mailed to counties by Feb. 15 for use in a massive study of Texas public schools.

Study guides are being sent out by the Hale-Aikin Committee which is to report to the next Legislature on school needs. County leaders will distribute the 44 page study guides to the local school districts. It is hoped that answers and suggestions will be worked out in a series of group meetings in each area.

Rep. L. DeWitt Hale, vice chairman of the study committee, said local groups should feel free to add more topics of their own.

If people all over the state respond with facts, ideas and suggestions, the committee will have some 42,000 replies to serve as basis for its recommendations.

Short Snorts  
 Texans salted away \$94,382,837 more in their bank savings accounts in 1957 than the year before, according to the State Banking Commission. Increase was from \$288,703,258 to \$383,086,095, a jump of approximately 24 per cent.

Troop 66 Defeats  
Amarillo Scouts

Troop 66, Canyon Rifle Team, defeated Troop 24, National Postal Explorer Rifle Match Champions of 1956, in a rifle match at the ROTC Rifle Range in Canyon last week. The Canyon team won with a heavy 915 total, against an 808 total for the Amarillo team.

The rifles were zeroed in and 20 shots were fired for competition with five shots being fired at each of the four targets. Craig Hinger, of Canyon, was high point man of the meet with a 193 total. Don Hilliard, high point man for the Amarillo team, shot a 179 total.

Sgt. Clyde Thomas, who served as the Range Officer, and Sgt. John Stritzel, ROTC instructors at West Texas State College, are coaches for the Canyon team. Jack Muthersbaugh, explorer advisor for

Kerbel Speaks for  
All-Sports Banquet

Joe Kerbel, head coach at Amarillo High School and soon-to-be assistant coach at Texas Tech, will be guest speaker for the annual Canyon High School All-Sports Banquet.

The banquet will be held Feb. 21 in the Elementary School. All participants in athletics at the school will be honored. The public is invited, and reservations may be made at the high school.

Troop 24, coaches the Amarillo team.

The rifle range facilities were made available for the meet by Lt. Col. E. L. Lindsey, P.M.S.&T. at West Texas State.

gally pay such a claim.

The commission also annexed the Fourth Avenue right of way from 28th Street to the east city limits. The annexation ordinance stated that when the area lying south of the street was annexed in 1956, it was intended that the street be included, but through

mistake it was left out.

The commission passed an ordinance changing the zoning ordinance to include trailer parks and courts in the permissible use of commercial zones. The old ordinance did not provide any permissible area for trailer parks.

Dr. R. P. Jarrett was re-appointed City Health Officer for another term beginning March 31.

## 101 WT Students Make Honor Roll

There might be 101 good reasons for scholarship at West Texas State College, for that was the number to be listed by Dean Walter H. Juniper on the fall semester honor roll. The roll is composed of the upper five per cent of the undergraduate student body.

Nine of the 101 compiled perfect straight "A" records in all work taken. They were Dellalene Baker of Canyon, Tennessee Forrester of Amarillo, Hal Grider of Amarillo, Orville Howard of Canyon, Alvy King of Canyon, Dana McDowell of Canyon, Helen Lorene Mundy of Spearman, Kay Russell of Claude, and Gladys Smith of Perryton.

Others making the honor list were Diane Prichard of Canyon, Ruth Massey of Tulla, Theresa Mickey of Canyon, Mary Ann Reid of Amarillo, Christine Hayter of Amarillo, Lavelle Kelly of Canyon, Linda Lewis of Rule, Emma Waits of Canyon, Margaret Canney of Amarillo, Anita Groves of Spearman, Morna Hornady of Amarillo, Tommy Neely of Vernon, Evanelle Parmer of Levelland.

Ronald Vaughn of Cactus, James Kuhlman of Canyon, Norma Thorp of Chillicothe, Patricia Bayley of Plainview, Annette Dugan of Canyon, Joe Mack Hill of Spearman, Irene Dettien of Panhandle, Edgar Lueders of Amarillo, Bettie Wimberly of Canyon, Patricia Bucholz of Amarillo, James Sturdivant of Matador, Rose Miller of Muleshoe, Max Miler of Amarillo, Coy Don Mitchell of Panhandle, Eddie Steelman of Bovina, Elna Bishop of Muleshoe, Noal Clemmons of Canyon.

Margaret Leftwich of Childress, John Nolte of Tulla, Mildred Talley of Clarendon, Freddy McCarty of Amarillo, Treasure Kees of Channing, Carol Morton of Gruver, Marion Caple of Hereford, William Hamilton of Amarillo, Charlotte Langford of Canyon, Darla Jan Masterson of Amarillo, Sandra Michael of Canyon, Jean Stone of Plainview, Paula Vance of Panhandle, Ted Briggs of Canyon, Shirley McGuire of Amarillo, Patricia Romine of Cactus.

Carolyn Sanderson of Dimmitt, Jo Ann Stallings of Borger, Alice Brotherton of Canyon, Harry Bryan of Clarendon, Jimmy Brown of Adrian, Charlotte Flowers of Perryton, Lydia Fowlkes of Midland, Donald Gill of Lubbock, Robert Lacy of Hart, W. C. Russell of Borger, Clifford Ryan of Pampa, Virginia Whinnery of Canyon, Faye Jabin of Vernon, Nelda Hanner of Shamrock, Earl Wheatly of Darrouzett, Janet Booker of Dallas, Jerry Buchanan of Amarillo.

Michael Tinley of Denver City, Patsy Ruth Koontz of Amarillo, Janelle Mundy of Kress, James Ray Farley of Amarillo, Dorothea Fish of Paducah, John Meason of Roaring Springs, Patsy Reeves of Littlefield, Rachel Stanford of Amarillo, Ruby Walraven of Shamrock, Lourie Davis of Amarillo, Billy Dean Harris of Amarillo, Cherry Hatfield of Canyon, Robert Kelly of Canyon, Gene Merritt of Amarillo, Elizabeth Murray of Memphis, Marian Osborne of Pampa, Donald Paris of Tahoka.

Joann Stanaland of Tulla, Nancy Rivers of Canadian, Marcus Robinson of Canyon, Bruce Wimberly of Amarillo, Marilyn Barricklow of Cheyenne, Wyo., Dennis Briles of Rule, Sharon Crouch of Vega, Sandra Esmond of Lamesa, Roy Lowe of Amarillo, Bobby Pritchett of Lamesa, Jo Ann Ryan of Fashing, and Donald Vance of Panhandle.

## Wayside Club Has Valentine Party

The Wayside Home Demonstration Club met Thursday with Mrs. W. A. Doan Jr. for the annual valentine party.

After members answered roll call with laundry hints, Virginia Hill, Armstrong County home demonstration agent, talked on soaps and detergents. Virginia Hamblen had charge of the recreation period, in which secret pals exchanged valentines and gifts.

Refreshments were served to 12 members, three guests and Miss Hill.

L. J. Witkowski left Monday night to attend the Chicago Boat Show for the rest of this week. He will go from there to Milwaukee for two weeks to attend the Evinrude Mechanics Service School for the new V-4 50 horsepower outboard motors.

Jimmie Lindsey, son of Paul Lindsey, has been discharged from the Army and is at home in Canyon.

Mr. and Mrs. Conrad Westhoff and family visited in the Leo Artho home.

Mr. and Mrs. Max Hoffman visited in the Ernest Stocker home.

Mr. and Mrs. Sonny Ball visited in the Bill Gerber home.

Visitors in the Alvin Friemel home were Mr. and Mrs. Robert Brockman and Mr. and Mrs. Vincent Friemel.

Mr. and Mrs. Carl Frische and girls visited in the Ben Koch home.

Mr. and Mrs. Dennis Brandt, Mr. and Mrs. John Batenhorst, Mr. and Mrs. Leonard Batenhorst visited in the Sylvester Batenhorst home. Visiting also in the Batenhorst home were Mr. and Mrs. Vincent Friemel, Mr. and Mrs. John Vorwald and Mr. and Mrs. Werner Henschied.

Mrs. V. D. Allen and Mr. and Mrs. Carl Kleuskens visited in the W. O. Janssen home.

Exchanging visits were Mary Albracht with Jo Ann Haschke, Lola Buckholz with Peggy Haschke, Robert and Joe Koch with Charles Batenhorst.

## Fairview HD Meets In Schaeffer Home

The Fairview Home Demonstration Club met Feb. 7 with Mrs. E. W. Schaeffer. LaVenia Amerson and Mrs. Charles Sutton presented the program on "Labeling Garments and Finishes of Fabrics." They stressed reading the labels on garments before buying them.

Mrs. Sutton gave the council report.

After the club meeting, Mrs. Charles Wilson was honored with a pink and blue shower.

Refreshments were served to four visitors and eight members.

## New Mural in Museum

A new mural by Harold Bugbee of Clarendon was attached to the wall of the Panhandle-Plains Historical Museum Friday. The mural is over the front entrance of the museum.

## Install New Bugbee Mural in Museum

A huge mural by Harold D. Bugbee, curator of art for the Panhandle-Plains Historical Society, has been hung over the entrance of the society's museum here.

The oil mural, measuring 6 feet, 10 inches by 20 feet, shows a group of cowboys on horses cutting young calves from a herd of Hereford cattle. It is the 165th painting by Bugbee to be hung in the museum.

## West Home Is Site Of HD Club Meeting

The Westside Home Demonstration Club met Feb. 5 in the home of Mrs. Lee Roy West.

The club strongly opposed closed circuit radio and television programs. A letter stressing the opposition was sent to Walter Rogers. Each member was urged to have her blood typed before the next club meeting.

Mrs. Lewis Tucek was elected a candidate to the district meeting to be held in Stratford April 10.

Members sang "Down by the Riverside" as the opening song. Mrs. Dick Barrett gave the council report.

The club will have a supper and valentine party at the Farm Bureau building Feb. 14.

The next meeting will be Feb. 19 with Mrs. Bill Clifford.

## Canyonite's Brother Dies in New Mexico

Elbert L. Wallace, brother of Mrs. W. L. Cooper of Canyon, died at his home in Roy, N. M., recently.

He was a senator in the New Mexico State Legislature.

His parents, the late Mr. and Mrs. W. L. Wallace, formerly lived here.

## Faculty-Tau Game Tonight for MOD

A group of West Texas State College faculty will play members of Tau Tau Tau fraternity at 7 p. m. in a basketball game to benefit the March of Dimes. The game will be in the WT field house.

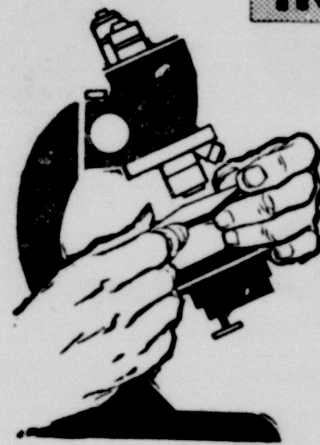

Coached by Bob Wilkinson of Canyon, the Taus will draw their players from their intramural team, which includes former junior and senior college players.

James Scott, assistant dean of men, and former All-Border Conference player for the Buffaloes, will be player-coach for the faculty squad.

Among the faculty players will be Borden Price, Hatcher Brown, Don Briggs, Joe Hooper, John Whinnery, David Mathis, George Ritter, John Walton, Earl Hatfield, Bill Lee, Ray Franks, Joe Findley, and others.

No admission will be charged, but donations will be taken for the March of Dimes.

### 3 Topics Presented In Council Meeting

Three major topics and several others were presented to the Randall County Home Demonstration Council as it met Feb. 4 in the Farm Bureau building, with Mrs. C. V. Conatser, vice president, presiding.

Jerry LaGrone of the Warren-LaGrone Funeral Home spoke to the council on funeral insurance. Sgt. Calvin Doyle, United States Air Force, discussed the Randall County program for the Ground Observer Corps and showed a film, "Guard Our Country."

Dr. R. P. Jarrett, through Mrs. R. B. Gist Jr., stressed the importance of the individual knowing his blood type. Dr. Jarrett indicated that he would type the blood of club members when the club would have at least 15 members present.

Mrs. Edd Reynolds requested that each club make suggestions for the type of programs that would be presented to the clubs next year.

Delegates for the district meeting, slated to be held in Stratford April 10, will be elected at the next council meeting March 4.

### SOIL CONSERVATION DISTRICT NEWS

The technicians of the Soil Conservation Service, assisting the Randall-Potter Soil Conservation District, have checked the following practices applied under the agricultural conservation program:

J. T. Goettsch, 1181 feet of concrete pipe, J. D. Barker, farm pond, George L. Miller, 1202 feet of concrete pipe, E. L. Barnett farm pond, Luther E. Mason, 2491 feet of concrete pipe, Chas. J. Beckman, 2297 feet of concrete pipe, Jacky Meeks, 2214 feet of concrete pipe, Ross B. Elliott, 3346 feet of concrete pipe, and Robert R. Lindsey, 6205 cubic yards of spreader terraces.

The Board of Supervisors of the Randall-Potter S.C.D. welcome the following men as cooperators with the district: Chas. J. Beckman, J. J. Kimble, Quentin Gill, B. J. Green, N. M. Warren, Carrol M. Forrester, E. L. Barnett, Cas Jennings, Thornton G. Dewey, M. T. Maddux, E. R. Rogge, L. L. Hix, George Schaeffer and R. B. Elliott.

If you need any equipment that the board could buy from the state funds, contact the supervisors and let them know what type of equipment you need to further your conservation program. The equipment that is purchased will be rented for a fee that will replace the equipment after a certain period of time.

The district-owned grass drills can be rented for 50 cents per acre from T. L. Devin, Vocational Agriculture teacher at the Canyon High School.

### Hall of Famers

WT Athletic Director Frank Kimbrough, left, congratulates Bill Cross and Joe Fortenberry for their election to the Helms Hall of Fame for their achievements in athletics. Cross was presented his certificate in a special assembly at the college last Thursday and Fortenberry will be given his at the AAU basketball tournament in Denver.

### Egg Grading Law Highlights TV

An explanation of the new egg-grading laws of Texas will be made Thursday, when the West Texas State College agriculture department presents its "College Farm Show" over KVII-TV at 3 p. m.

Joined by John Brazzil, county agent, Ralph Harbin and Jimmie L. Green, will discuss the new law and follow up talks and demonstrations for the egg-grading school, to be held Wednesday in Canyon. Texas A&M College is conducting the school.

Other programs scheduled by WT include the International Sunday School Lesson Friday at 3 p. m., conducted by Dr. Roy G. Boger. The government department's panel Sunday at 4 p. m. will continue a discussion of the status of American women in comparison with women of other nations.

President James P. Cornette, for his "Among My Books" program at 4:30 p. m. Sunday, will discuss the works of Carl Sandburg.

Dr. Crannell Tolliver, on his "Meet the Prof" show Monday at 3 p. m., will interview Dean Walter H. Juniper, who will discuss the work of his office.

The music and drama departments will conclude the week's schedule on Tuesday and Wednesday, respectively.

### Captain Tells Need of GOC

Capt. Thomas Hunter, assistant operations officer for the 688th Squadron, 33rd Air Division, Interceptor Controller, was guest speaker for Delta Echo Zero Five Black, Canyon's Ground Observer Corps unit, at a recent meeting in the high school Home Economics room.

Capt. Hunter told the observers that radar is not effective in some places, and in those places, a group of four-engine bombers flying at 4500 or 5000 feet could attack and injure or kill 75 million people before the bombers could be intercepted.

The captain said the GOC is needed to watch those places, and that volunteer civilian observers

are desperately needed. Capt. Hunter is in charge of the radar installations at Amarillo.

Those interested in seeking information about GOC or who wish to join the Canyon unit should call CL 5-3906 after 3 p. m.

Members of the unit present for the meeting were Jean Costly, Virginia Costly, R. G. Costly, A. B. Hamblin, Pollyanna Cummins, Dan Morris, Pauline Cummins, Clara B. Long, Toni Dewey, supervisory, Earl Crump, chief observer, Gloria Crump, recorder, and Sgt. Calvin Doyle, Air Force representative.

### Canyonite's Brother Dies in Oklahoma

Mrs. Cecil Bosley was called to the bedside of her brother, A. G. Lyne, at Tulsa, Okla., Tuesday night. He died Thursday afternoon. Funeral services were held Saturday afternoon in McAlester, Okla.

### Travels Not New For Hair Stylist

The theme song of Mrs. Marie Cooper, who operates Marie's Seventh Avenue Beauty Salon, might well be "Around the World in Hair Styles."

Mrs. Cooper left last week for Dallas, where she will present a class in hair styling and shaping to the Texas State Cosmetological Convention. Before that she attended the annual Massachusetts Cosmetological Convention in Boston and a spring workshop in St. Louis. She had previously taught in a cosmetological school in El Salvador for two weeks.

The people in Central America are fashion conscious, Mrs. Cooper found. They are interested in hair coloring as well as in shaping and styling.

Besides teaching in the cosmetological school in El Salvador, Mrs. Cooper also presented a fashion show and a television program. "All of this was in Spanish," Mrs.

### Mrs. Costley Hostess To Las Amigas Club

The Las Amigas Home Demonstration Club met with Mrs. Calvin Costley Jan. 30 to hear Mrs. Mona Hildreth speak on "It's Easy to Sew with Knit and Nap Fabrics."

Refreshments were served to Mrs. J. R. Stork, Mrs. Bill Patke, Mrs. Joe Green, Mrs. Bob Costley, and guests, Mrs. Hildreth and Mrs. Warner Fluegel.

On Feb. 5, the group went bowling at the Western Bowl. The next meeting will be Feb. 13 with Mrs. Glen Costley.

Cooper said.

"We were invited to many luncheons at private clubs," said Mrs. Cooper, who was accompanied by her husband, W. L. Cooper.

In Boston, Mrs. Cooper not only presented new trends in hair styling, but coordinated hair styling with clothing and make-up. The new trend in hair styling is "the siren shift from the crown forward movement."

## Used Cars

1953—Mercury Sport Coupe, really nice, \$745.

## AN Electric CLOTHES DRYER\*

# DOES SO MUCH

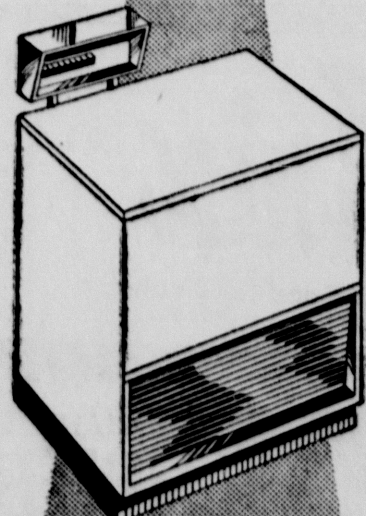

*Costs* SO LITTLE!

With an electric clothes dryer, you end the long walk to the line, the lifting and lugging, the waiting on weather, the fading of your clothes, the whipping of the wind — all the hazards of outdoor clothes drying.

For just pennies a load, get perfect drying results every time with the modern clothes dryer. Of course, it's electric.

### FREE LAMP BULB BONUS NOW SEE YOUR REDDY KILOWATT DEALER

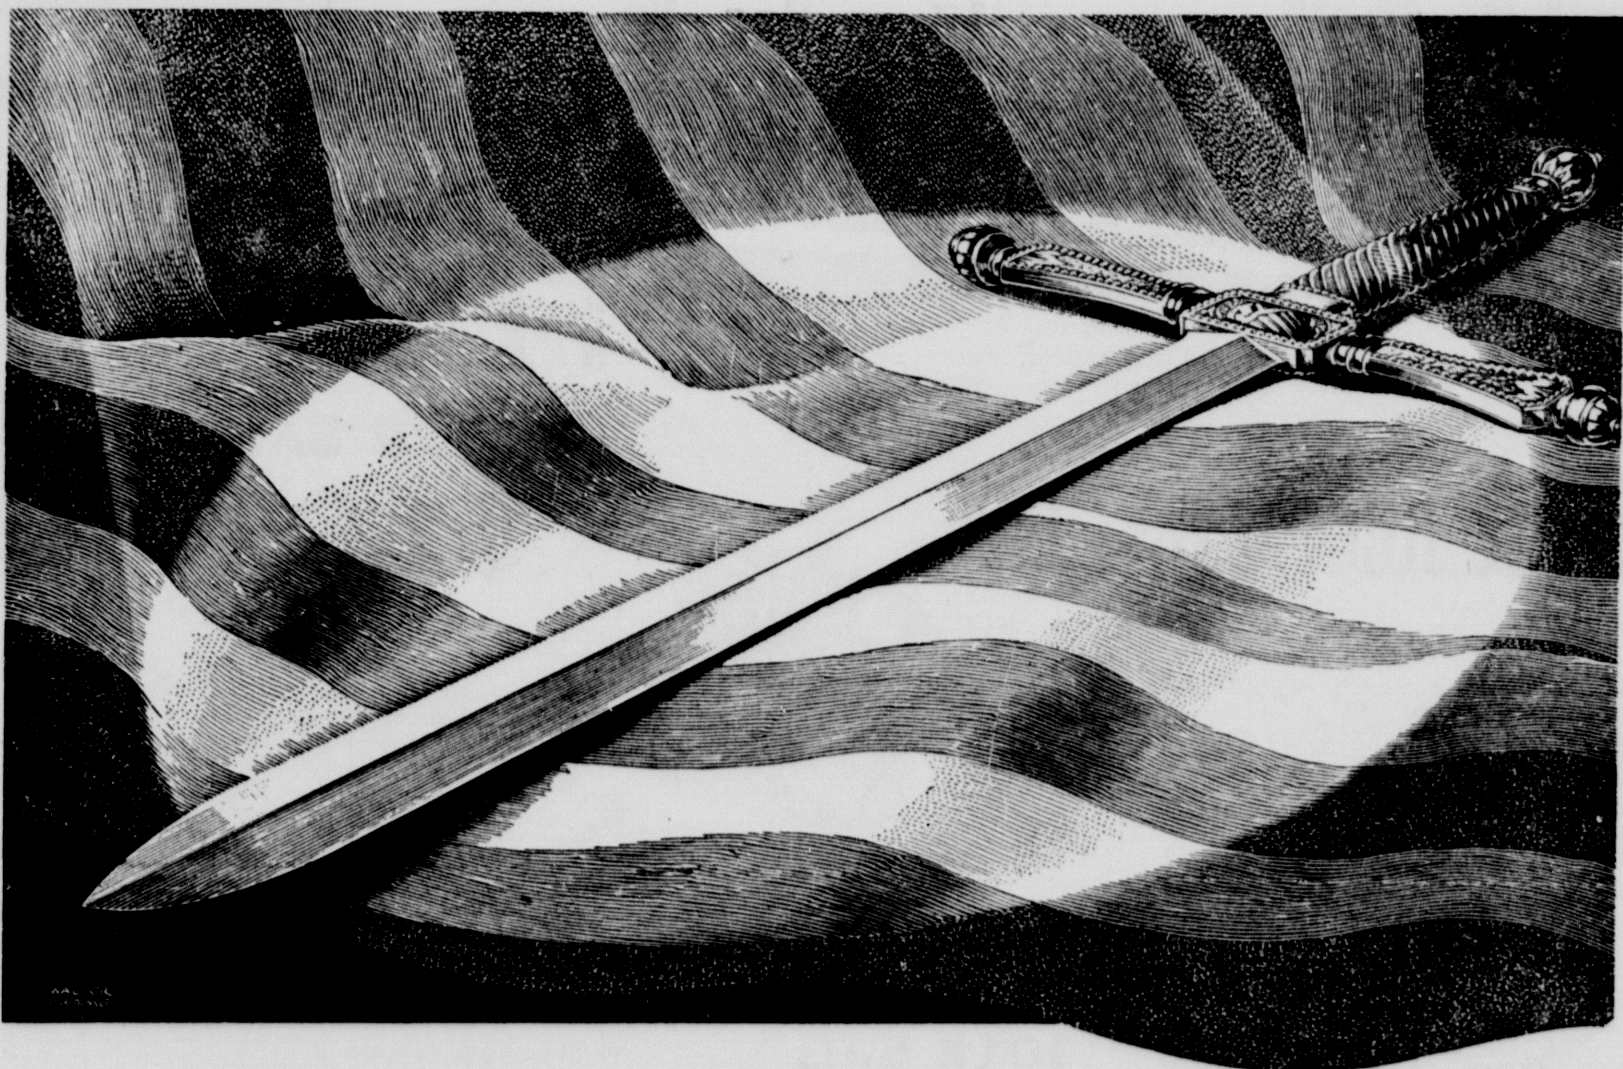

Yes, just for seeing a dryer demonstration, your Reddy Kilowatt Dealer will give you a coupon good for four decorator color lamp bulbs. But once you see that demonstration, you'll want an electric clothes dryer. Try it. You'll buy it.

## FREEDOM IS A MIGHTY SWORD

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare, with freedom and justice for all. \* Such a people is always slow to anger, tolerant and patient. But when patience is exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only

one way such a nation could be enslaved. That would be through propaganda that misleads; through lack of knowledge, and of truth. America's greatest strength is... freedom of the printed word... to give the people truth, truth that builds freedom of thought, of word, and of vision. \* This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.
